FOOTBALL SEASON OPENS TOMORROW

KING CITY H. S. HERE FOR THE FIRST LOCAL GAME

S. T. C. AT ALBANY NEXT

Will Meet Palmer College There Saturday Afternoon; Recovered From Effects of Their Tarkio Defeat

Maryville lovers of football will have their first opportunity of the season to see a game on the home grounds at 3:30 o'clock tomorrow afternoon, when the King City high school team will invade Maryville to play the team of the local high school on the State Teachers College gridiron.

The Maryville team defeated Bethany last Friday by a score of 7 to 0 and is out to land another championship. King City comes here with a victory over Maysville last week to its credit. It is expected that the local high school rooters will be out in force, and a celebration tomorrow night is not at all unlikely if the home team wins.

The Maryville line-up for tomorrow has not been definitely selected. DeArmond and Foreman, who were injured in the Bethany game ,may be unable to play. The team will be chosen from the following: Ends, Allan, Williams, Moore; tackles, Campbell, Clark, King; guards, McPherron, Boatman, Gray; center, Kirby; quarterback, DeArmond; fullback, Foreman, French; halfbacks, Miller, Berry, Carstens.

The team of the State Teachers College will play its second game of the season at Albany Saturday afternoon, meeting the team of Palmer College. Fourteen players and Coach Robert Rice will go to Albany on the train Saturday morning and will return to Maryville the same evening.

The Teachers College line-up will be the same as in the game against Tarkio last Friday ,which was lost by a score of 27 to 0. Wray, who was slightly injured, has completely recovered, and the men are in much better condition than when they played last week, according to Coach Rice, who is confident of the outcome. They put in two hours of practice in the rain last evening and showed all kinds of pep.

It is customary to play Palmer College each year and the result generally is in favor of the Maryville team.

The probable line-up of the college team Saturday will be: King, center; J. Wells, right guard; Lawton, right tackle; Nelson, right end; Elmore, left guard; C. Wells, left tackle; Wray, left end; Houchens, quarterback; Stewart, left halfback; Puckett, right halfback; Richards, fullback.

NUMBER OF ABSENTEES MUCH REDUCED BY ATTENDANCE LAW

The report of absentees in the schools of the county was very light last week, according to County Superintendent Bert Cooper. The efficiency of the new attendance law is being proved by the return to school of many who have been out for years. Several are enrolled in the Maryville schools who have been out at work under the old law. In most cases they are far behind the classes they should be in. Ed Wallace, county attendance officer, has made a few calls, both in Maryville and outside, but no arrests have been found necessary.

Arthur Hoech, state high school inspector, who was in Maryville recently, inspected the Parnell high school this morning and the Harmony high school this afternoon. Harmony is asking to be raised from third class to first class. No inspection was made there last year.

Tomorrow Mr. Hoech will inspect the high school at Gaynor, which is supported by subscription.

Superintendent Cooper has just returned from a trip of inspection of the north part of the county, in the course of which he visited the Lone Elm, Plum Grove, Lily White, North Grove and Mount Tabor schools. The last named school teaches vitalized agriculture. Its teacher is Mrs. Claron Hawkins.

Third October License Issued.

A marriage license was issued this morning to Charles F. Sadler and Mabel Marie Hollensbee, both of Pickering. This is the third marriage license issued from the recorder's office in October.

George A. Pickens, secretary of the Maryville Chamber of Commerce, went to St. Louis last night to attend the meeting there today of the commercial club secretaries of the state. He will return tomorrow.

SUNDAY SCHOOLS TO RALLY OCT. 26

THIS DATE SET FOR AN INTERNATIONAL CAMPAIGN

GOVERNOR APPROVES IT

Churches of Nodaway County Will Observe Event, to Which Proclamation Calls Attention

The sixty-nine Sunday schools of Nodaway county are now turning their attention toward the International Go-to-Sunday-School Day, which will be October 26, and which has been set aside by the governor of Missouri for special observance. Copies of Governor Gardner's proclamation have just been received in Maryville.

At the same time that the people of Nodaway county and of Missouri are observing this day, the people of the whole country—of the whole continent, even—will be doing the same thing. The idea is to get an attendance of 100 per cent and have special services, with especially attractive programs, so that those who attend may decide to become regular members.

Just at this time, most of the Sunday schools are reorganizing for the year, and the campaign just now is an especially timely matter. In Maryville and Nodaway county the Sunday schools are active, following the county Sunday school convention.

The First Christian church, for example, has set next Sunday, October 12, for mobilization day; the following Sunday, October 19, for registration day, and the next Sunday will be the day set aside by the governor.

Special programs for the day will be announced later. They are already printed, and as soon as G. B. Roseberry, president of the Nodaway county Sunday School Association can get them, which will be about the first of next week, he will be glad to distribute them to all who may desire copies. Mr. Roseberry may be found at his office in the second block on West Third street, 206 West Third, which is also the headquarters for the Nodaway county chapter of the Red Cross.

Mrs. Coile to Mississippi.

Mrs. S. A. Coile left this morning for Coahoma, Miss., where she will visit her daughter, Mrs. Carlton Shelby, and family for a few weeks. She wa saccompanied as far as St. Joseph by Rev. Coile.

Mr. and Mrs. G. B. Allen left this morning for their home in Whitesville after a visit since Sunday with A. D. Saunders and family.

NODAWAY SCHOOLS WILL GET THEIR STATE MONEY AT ONCE

Temporary relief, at least, is in sight for the distressed school districts of the county, of which Maryville is probably the most noticeable. With all the red tape about last year's taxes successfully cleared away, County Treasurer James Blagg is at work actually delivering to the school districts of the county the much-desired state aid. He expects to have all the money sent out to the district treasurers tomorrow.

The amount of aid is based on the school enumeration of the various districts. The checks this year will be larger than usual, too, due to an increased amount received from the various taxes than contribute to this state aid. The Maryville district alone will get nearly $2,000 more this year than last.

The Maryville district, which is No. 97, has 1,500 pupils enumerated, and will draw $8,613.18 this year, as compared with $6,770.16 last year. This is nearly $6 a pupil.

The twenty-three districts in Polk township outside of Maryville will receive $3,462.62, which is also an increase. The enumeration on which this grant is based is 622. Myrtle Tree district, with 44 enumerated, will draw the most money, which is $231.02, while Rockford district, with only 16, will draw the least, $97.81.

L. B. TRACY HEADS AD CLUB FORMED BY BUSINESS MEN

About twenty members of the Maryville Chamber of Commerce met last night in the club rooms and organized the Maryville Advertising Club. The purpose of the organization is to study merchandising and promote better cooperation. The following officers were elected: L. B. Tracy, president; M. E. Selecman, secretary; H. E. Miles, treasurer. There will be about fifty charter members in the club.

BERT COOPER IS CHAIRMAN OF STATE TEACHERS DEPARTMENT

The State Teachers association will meet at St. Louis on November 6, 7 and 8, and County Superintendent Bert Cooper will preside as chairman of the department of rural schools on the first day of the meeting. Miss Anthony, Miss Mildred Miller and Prof. C. C. Leeson of the State Teachers College will discuss vitalized agriculture. T. R. Lucket, county superintendent of Pettis county, will discuss the work being done in that county. Superintendent W. M. Oakerson of Jefferson City is on the program for the second day of the meeting, his subject being the rural schools.

W. L. Johnson, justice of the peace, was in Burlington Junction this morning on business.

RIGID CENSORSHIP SET ON GARY, IND.

SOLDIERS ENFORCE MARTIAL LAW AFTER AN UPRISING

1,000 TROOPS ON THE LID

Raids on the Radicals Continue, Many Arrests Being Made; Exodus of Reds in Progress

Chicago, Oct. 9.—With a rigid censorship on Gary, Ind., where over a thousand soldiers are enforcing martial law as a result of the uprising among the idle steel workers Sunday, details of the situation were not permitted to be published today, but it is known that the fight against alleged radicals among the strikers continues. Several raids on radical headquarters have been made, and many were arrested. A general exodus of radicals from the Calumet strike zone is in progress.

Pittsburgh, Oct. 9.—Two strikers, foreigners, were shot, several others were severely clubbed, and nearly thirty strikers and their sympathizers were arrested by state policemen during the steel strike rioting at Donora today.

TALK BEGINS AT CONFERENCE PLAN UP TO SETTLE STRIKE

Washington, Oct. 9.—The floodgates of reticence which have retarded the progress of the Wilson industrial conference opened today with a rush, and in a veritable torrent of words plans came for the setelement of national economic and industrial ills.

The labor group, headed by Gompers, carried out their threat to inject the steel strike into the conference proceedings by the introduction of a resolution providing for the settlement of the steel strike by a committee of six persons selected from the conference, two each from the groups representing labor, capital and the public. In the meanwhile the strikers would return to work.

The resolution went to the general committee of fifteen without a debate on the floor.

The social and capital or employers' group did not submit any plans. According to a statement from Gompers, the employers are "unready."

PARTY IN COUNTY SURVEYING A ST. JOSEPH TO IOWA ROAD

The Leslie-Barnes Engineering Company of St. Joseph, which secured the contract from the state highway department for a survey of the state road from the Iowa line through Maryville to the Buchanan county line, started its survey this week. A force of ten men, who are camping about two miles south of Pickering, are in the party doing the work.

The survey will start from the Iowa line and will consist of specifications and costs for the road improvement, such work consisting of eliminating slight jogs, rounding square corners, preparing plans for bridges and culverts and estimating the amount of earth to be removed in places necessary.

These plans will be sent to the department at Jefferson City, which is paying for this work, and will later be turned over to the county in case the county wants to make these improvements. There will be federal and state aid for each county if the work is done.

The state road designated by the highway department goes through Hopkins, Pickering, Maryville, Savannah and to St. Joseph. The road from Maryville to Savannah will be the ridge road, and will not go through Barnard, Bolckow or Rosendale.

J. H. Barnes and J. R. Leslie of the company are in Maryville today. Mr. Leslie will superintend the surveying here. It is expected that it will take a month to complete the plans.

D. WARD KING SEES A REASON FOR THE HIGH PRICE OF LAND

Result of High Prices for Everything, Says the Noted Northwest Missourian, Land Bank Director

The present high prices paid for farm land and the enormous amount of speculation in farming property in the corn belt are the natural result of high prices for everything the farmer has to sell, according to D. Ward King of Maitland, Mo., a director of the Federal Land Bank of St. Louis, who was in St. Joseph returning home after a six week's trip through Ohio, Indiana and Illinois. According to yesterday's St. Joseph News-Press.

The Federal Land Bank has outsandinf farm loans on land in Missouri, Illinois and Arkansas amounting to $24,250,000 and made over one and one-half million dollars in farm loans last month alone.

At the present scale of prices the farmer can afford to pay $300 to $400 an acre for land which only a few years ago could be purchased for $100 an acre. Mr. King says. The thing to be considered, however, is how long the present scale of prices will continue.

"I am not a prophet," Mr. King said, when questioned as to the probable decline in prices. "There are many people who believe there will be a new scale prices, that things never will go back Of course, there will have to be an adjustment to take care of the salaried men, but if prices stay up that will come—it will have to come.

"This land boom has everyone puzzled. They say the young men are erratic in their judgments, but I know an old man who sold his boyhood home last spring for what seemed to him a tremendous price, and after he had spent five or six months looking in vain for another place to buy, bought his old farm back at a considerable premium. Farm land in northwest Missouri which could be purchased when I came here forty years ago for $15 to $20 an acre is selling for $300 to $400 an acre now. But it is worth it—at these prices for livestock, grain and other farm products."

Mr. King has been boosting hard-surfaced roads on his latest trip.

"Anyone who thinks I have not been in favor te hard-surfaced roads all the time is mistaken," Mrs. King said here yesterday. "I always have been an advocate of the sue of the split-log drag, but I have believed in hard surfaced roads too. I have insisted that farmers living in a country in which there is plenty of stone and gravel who do not put that stone and gravel on their roads are making a big mistake."

"The corn belt farmers have planted a big acreage offall wheat this year, accroding to Mr. King. In many places through the corn belt states corn has been cut and shocked, and wheat drilled into the field between the standing shocks. The wheat is coming up nicely.

How to Borrow Money

Know how? What would you give to learn? Not how to borrow four bits from a friend to pay for a shave and a haircut, but how to borrow real money—thousands of dollars—from a bank to finance the purchase of a farm or a tractor or a hundred head of feeder cattle. In this week's issue of

Harry R. O'Brien answers the big question. He has talked with bankers who lend, and they have told him the kind of men they lend to. Are you one?

He has talked with farmers who can borrow, and they have told him how to establish bank credit. It's surely worth a dollar of any man's money to learn how to build up credit so he can walk into the bank and say to the president: "Lend me a thousand." No side or angle of the farming business is neglected in THE COUNTRY GENTLEMAN. When you say, "What's the price"

WHEN you come in here this fall and pick out a suit and say to the salesman "How much?"

He'll say "$40" perhaps, or maybe "$50" or "$60"—depends on the suit you choose.

You may say "Why, I can beat that price $5 or $10."

Probably you can; but that isn't the point, you can get as much clothes value for your money anywhere else; that $5 or $10 is in the suit; it's the $5 or $10 that makes good quality possible; and that makes the suit outwear the cheaper one two to one.

Bring the boy in and let us show you the new wear resisting features in our $13.00 suit. Other extra good values offered at $7.50, $10, $12.50, $15.00 and $16.50.

JURY ACQUITS ERNEST RILEY, TRIED YESTERDAY FOR GAMING

It took the jury less than an hour last evening to decide on the innocence of Ernest A. Riley, who was tried yesterday in the circuit court on a charge of gaming. The prosecuting witness was George W. Butler, who recently was paroled to the Young Men's Bible Class of the First Christian church after pleading guilty to forgery.

This was Butler's second offense, and hence the parole was unexpected.

It was thought at the time that his testimony would be of value in convicting others of gaming, which led to his forgery. His testimony yesterday, however, failed to be convincing, and the alibi that Riley set up was accepted by the jury.

On behalf of the Bible class, Ellis G. Cook assisted Prosecuting Attorney Charles F. McCaffrey in the case. Riley was defended by Shinabargar, Blagg and Ellison.

The case of Ben O'Banion for $2,500 damages against his cousins, William O'Banion and Charles O'Banion, and Deputy Sheriff Gabe Purcell, was up in circuit court today. The plaintiff was living in a house on his cousin's farm. According to the petition, while he (the plaintiff) was away, his household goods were thrown out of this house.

Deputy Sheriff Purcell was called in the case by the defendants as arbitrator.

The jury trying the O'Banion case today was composed of Will Hughes, James Merrigan, Ed Egley, Henry Wright, Samuel McClurg, E. H. Bainum, Frank A. Tarpley, Fred Wray, W. E. Gates, H. P. Johnson, J. B. Horton, John Lorance.

Mrs. R. H. Duncan is spending the day in St. Joseph.

"We are in for fierce competition in all sorts of directions," he declares, "not only from the Germans but elsewhere. The Japanese are forging ahead wonderfully, and we shall have to meet them. They know how to organize."
